RULING ON ENTITLEMENT¹

On January 5, 2021, Jean Kraemer filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she received an influenza (“flu”) vaccine on October 9, 2018 and thereafter suffered a left shoulder injury related to vaccine administration (“SIRVA”). Amended Petition at 1. Petitioner further alleges that the vaccine was administered within the United States, that she suffered the residual effects of her injury for more than six months, and that there has been no award or settlement for her vaccine-related injury. Petition at 1, 8. The case was assigned to the Special Processing Unit of the Office of Special Masters.

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

On January 23, 2023, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report and Proffer of Compensation at 1. Specifically, Respondent has concluded that Petitioner's claim meets the Table criteria for a SIRVA. *Id.* at 2. Respondent further agrees that Petitioner has met the statutory and jurisdictional requirement of the Vaccine Act and is entitled to compensation. *Id.* at 2-3

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
